

CERTIFIED SUSTAINABLE VINEYARD & WINERY SIGNS!

LODI RULES Vineyard and Winery Signs are available from Gary's Signs in Lodi. Permanent signs are a wonderful way to communicate your commitment to sustainable agriculture. Signs are available for purchase to all growers participating in the LODI RULES program and all wineries using the LODI RULES or CALIFORNIA RULES seal on wine labels (certification status is confirmed before purchase may be completed). The signs can be installed in any high-visibility location. Two sign options are available: a horizontal orientation and a vertical orientation. The horizontal option (24" x 32") is designed to be read from a passing car, so it is well-suited for road-side vineyards. The vertical option (32" x 24") is designed for easy installation and its geometry is appropriate for tight spaces such as winery parking lots or seating areas. However, feel free to choose either sign for any application.

24" x 32" sign templates

Signs are customizable with your vineyard, winery, and/or vineyard management name, and are available with either the LODI RULES or the CALIFORNIA RULES seal. You can place your orders with Robyn Markle at Gary's Signs. Robyn is happy to communicate via email (robym@garyssigns.com) or by telephone at 209.369.8592 (7:30am – 5pm).
