**Description:** Lodi Grape Day is **FREE** to attend and open to everyone thanks to the support of our fantastic sponsors. Grape Day originated in 1952 and was created by a Lodi Chamber of Commerce Agribusiness Chairman, Calvin Mettler, and UC Davis Extension agent Gordon F. Mitchell to provide the latest information and thinking around grape culture to harvest. For this year's virtual event and in the absence of a Lodi Viticulture Farm Advisor, Kari Arnold, PhD (UCCE Area Orchard and Vineyard Systems, Stanislaus County) and Kamyar Aram, PhD (UCCE East Bay Specialty Crops Advisor, Alameda and Contra Costa Counties) will moderate the sessions, which include time for Q&A. Come with your questions!

Lodi Grape Day will be recorded and available online afterwards at [lodichamber.com](http://lodichamber.com) and [lodigrowers.com](http://lodigrowers.com) with closed captioning, thanks to UC-ANR Program Support and sponsorships.

**Registration required:** To register, click [HERE](#). You will receive a formal confirmation that includes the Zoom link prior to the event. **For programmatic questions or to ask questions for speakers ahead of the event**, contact Kari Arnold, PhD ([klarnold@ucanr.edu](mailto:klarnold@ucanr.edu)). **For technical assistance**, contact Kellie McFarland with UC-ANR Program Support at (530) 750-1361.

*\*Dept. of Pesticide Regulation (DPR) and Certified Crop Advisor (CCA) credits are pending approval.*
